REVIVE FLAG MATTRESS

Mattresses & Toppers

Using natural materials, the complex hand construction of the Revive Flag mattress is conceived to provide perfect comfort and support. It is 320mm thick and features two layers of calico individually pocketed springs, swathed in hand teased horsehair, cotton and wool. Horsehair provides a natural capillary action that expels moisture which builds up over a night's sleep, making it a preferred material for most of the world's premium natural bedding. Each mattress is made by hand and takes one week to complete. The medium tensioned mattress can be used alone or complemented with the Revive Flag topper for a softer more cushioned rest. Not available in the US.

SPECIFICATION

Product Code:	T-BRG-BM-0046-K
Product Height:	32cm / 13"
Product Width:	198cm / 78"
Product Depth:	183cm / 72"
Weight:	118kg / 260lbs
Bulb Included:	No
