

TIMOTHY OULTON

REVIVE MATTRESS

Mattresses & Toppers

Using natural materials, the complex hand construction of the Revive mattress is conceived to provide perfect comfort and support. It is 320mm thick and features two layers of calico individually pocketed springs, swathed in hand teased horse hair, cotton and wool. Horsehair provides a natural capillary action that expels moisture which builds up over a night's sleep, making it a preferred material for most of the world's premium natural bedding. Each mattress is made by hand and takes one week to complete. Available either undyed in Crema finish, or in Cobalt; a rich blue created from natural indigo dye. The medium tensioned mattress can be used alone, or complemented with the Revive topper for a softer more cushioned rest. Not available in the US.

SPECIFICATION

Product Code:	N-RVV-BM-0003-K
Product Height:	32cm / 13"
Product Width:	183cm / 72"
Product Depth:	198cm / 78"
Weight:	98kg / 216lbs
Seat Suspension:	Calico pocket & eight way hand tied springs
Seat Cushion:	New Zealand wool and cotton pure Mongolia
Filling:	horsehair

Bulb No
Included:
