

TIMOTHY OULTON

CAUSEWAY EXTENDING

Dining Tables

Designed for a relaxing environment, the Causeway extending dining table is handcrafted from Genuine English Reclaimed Timber. The timber is sourced from old buildings in the UK, up to 100 years old, and has a richly weathered patina in testament to its provenance. The clever extension mechanism is effortless, needing only one person to simply pull one of the ends in order to separate the two top halves and raise the inner panel, which clicks into place seamlessly. The smaller size sits 6-10 people and the larger size sits 8-12.
