HESTIA DINING TABLE

Dining Tables

Swirl your senses with the dramatic Hestia dining table, adding a heady sense of occasion to every mealtime. Like a piece of abstract art, each one is completely unique, entwining a jigsaw of rich, black marble pieces with golden veins of liquid brass. The table top is polished for a smooth, flush surface with a beautiful shine, inlaid in a Brushed Brass frame for visual contrast. Named after the Greek goddess Hestia, which translates as "hearth" or "fireplace" - where traditionally families would gather and enjoy time together in the home. A luxurious, limited edition piece to get the heart racing and enliven conversation over dinner.
