AVIATOR TOMCAT CHAIR ANTIQUE WHISKY

Accent Chairs

The Aviator Tomcat chair takes its cue from military aviation history, inspired by the twin-cockpit seats of the F-14 Tomcat which was deployed by the U.S. Navy for some of its most prolific missions in the 1970s. The chair's aerodynamic curves are hugged in riveted aluminum, inspired by the World War II British Supermarine Spitfire, put through a five-stage process to distress the metal and create the unique Spitfire finish. Please note, the Spitfire finish features surface distress variations, which may vary from piece to piece. The Aviator Tomcat was the winner of the Luxuria award for Most Innovative Product Design in 2010.

Upholstered in Antique Whisky, a full aniline hide that gives a vintage look and a soft natural feeling. Buffed with a wax pull up, it is designed to age with use.
