EMPIRE

The sleek and elegant Empire bar cart is inspired by the clean, sharp lines of metal work. Stainless steel is precision cut and welded by our master craftsmen to create a series of simple replicating shapes. The lines appear to be travelling together, tricking the senses with an illusion of movement and nodding to Newton's first law of motion: "a body continues in a state of rest or uniform velocity unless acted upon by an external force".

Combining simplicity and intricacy in equal measure, the Empire is a slick and polished piece for sophisticated entertaining.
