

ARMCHAIR

# COBAN

Shown in Baa Baa Snow.

With the distinctive, slightly exotic flare of its wingback shape, Coban expresses a dynamism and confidence, as though it welcomes the forces of wind, rain and sun that an outdoor life entails, an essence that is extended through a matching footstool that is also available. The name Coban is the Turkish word for shepherd, and it is that exotic Turkish region of Anatolia where shepherding is said to have first begun over 5,000 years ago.
