MARBLE MAP

An engaging, limited edition piece, representing some of the world's most iconic cities to prompt discussion, inspire travel or evoke memories. Map drawings are translated onto the marble which is laser-cut and inlaid with brass, then painstakingly applied by hand, and the table-top polished to achieve a smooth, flush surface. Each piece requires absolute precision and takes many hours to create.

An elegant and refined coffee table to spark a conversation, infusing and activating the senses with rich, contrasting materials and plenty of drama.

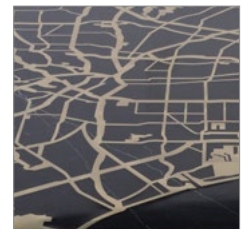

Limited edition of 50 pieces, available as a map of L.A., London or New York.
