GLACIER COFFEE TABLE

Coffee Tables

Like a primeval volcanic eruption frozen in time, the Glacier coffee table spectacularly freezes logs of burnt timber in crystalline acrylic. The ice-cold smooth appearance contrasts with the charred remains of the rugged timber, like mixing fire and ice. The coffee table features four beams of timber encased in acrylic, set atop two large timbers also in acrylic. The spectacular bubbling finish is uniquely different on each piece.

SPECIFICATION

Product Code:	T-BEM-TF-0002-Z
Product Height:	42cm / 17"
Product Width:	180cm / 71"
Product Depth:	86cm / 34"
Weight:	195kg / 430lbs
Bulb Included:	No
