## ICEBEAM LARGE COFFEE TABLE

### Coffee Tables

Proving the adage that there is beauty in simplicity, the epic Icebeam coffee table grounds a space with its mighty reclaimed timber blocks topped with three ice-like beams of glass. The timber is around 100 years old, salvaged from old English buildings, with surface fissures, cracks, and indentations left in as testament to its former life. The glass beams have a subtle rippled texture which adds visual depth.

### SPECIFICATION

---

Product Code:	N-ICM-TF-0004-Z
Product Height:	30.5cm / 12"
Product Width:	213cm / 84"
Product Depth:	114cm / 45"
Weight:	204kg / 450lbs
