GYRO SCONCE

Wall Lights & Sconces

The Gyro sconce is inspired by nineteenth century experimental physicist Leon Foucault's gyroscope: a device used for measuring orientation. Extracting key elements from the historical instrument such as its multiple axes, the gyroscope has been reinterpreted into a framework of aged metal spheres fixed around a nucleus of candle lights. Frame is in our proprietary Antique Rust finish.

SPECIFICATION

Product Code:	T-GYR-LS-0001-A
Product Height:	43cm / 17"
Product Width:	43cm / 17"
Product Depth:	22cm / 9"
Weight:	3kg / 6lbs
Max Wattage:	75W
No. of Bulbs:	3
Bulb Included:	Yes
Dimmable:	Yes
