

ENGLISH BEAM RECTANGULAR

Coffee Tables

Epic natural beauty, created with aged reclaimed timber. The English Beam coffee table is made using old wood up to a century-old, salvaged from the structural beams and pillar joists of buildings across the UK. The arduous process of reclamation starts at a demolition site, where precious sections are recovered. The timbers are sorted and de-nailed by hand, all the while preserving the natural surface, revived to once again support new lifestyles.

SPECIFICATION

Product Code: N-ENG-TF-0004-Z

Product Height: 40cm / 16"

Product Width: 140cm / 55"

Product Depth: 100cm / 39"

Weight: 125kg / 276lbs

Bulb Included: No
