## JUNK ART PROPELLER ROUND

### Coffee Tables

The distinctive Junk Art coffee table is handcrafted from the propellers of decommissioned Chinese fishing junks, topped with a simple pane of tempered glass. The reclaimed propeller, which once roared into life over the seas, lends its history and authenticity to these one of a kind pieces. In the smaller size table only, the propeller has a small round metal base. Style may vary slightly from piece to piece, due to the different dimensions and shape of each propeller.

### SPECIFICATION

---

Product Code:	T-JUK-TF-0002-Z
Product Height:	40cm / 15.75"
Product Width:	160cm / 62.99"
Product Depth:	160cm / 62.99"
Weight:	370kg / 815.7lbs
